

VISION

We push ourselves to the extent in making better lights at a reasonable cost to the customer with focus on energy efficiency and environment

MISSION

Our mission is making excellent products with no compromise on quality, in a customer centric approach “simply exceptional products in resonable price”

ABOUT US

Aimy Luminaries India Pvt. Ltd is an ambitious company in the manufacturing of Electrical and Electronic goods specialized in luminaries. (Formerly known as Lumia Electro System which is founded in 2014). The aesthetic design and best technology of our products, supplemented with good quality materials have given a new dimension to the existing LED lightings. Our products are made with the help of finest engineering machinery available and backed by best technical expertise which finds varying applications in the Industrial, Residential and Military.
